

Dolo-Vet Ophthalmic  
Reg. Key SAGARPA Q-0524-090\*

FOR VETERINARY USE

Ketorolac - Gentamicin

Ophthalmic Solution

Broad-spectrum Bacteriostatic

**Antibiotic Ophthalmic Solution with anti-inflammatory effect**

## **DRUG DESCRIPTION**

Each mL contains

Gentamicin Sulfate Equivalent to..... 5 mg Of Gentamicin base

Ketorolac Tromethamin Equivalent to..... 5 mg Of Ketorolac base

Excipient c.b.p. .... 1 mL

- Dolo-Vet® Ophthalmic is a broad-spectrum antibiotic ophthalmic solution. Its clinical activity includes local anti-inflammatory analgesic and antipruritic effects.
- Dolo-Vet® Ophthalmic is indicated for eye infections caused by Gram positive and Gram negative bacteria in dogs, cats, Dairy Cattle, sheep, goats, swine and equidae.
- Thanks to its anti-inflammatory effects facilitates Gentamicin penetration into the infected spot, obtaining better results for the treatment.
- Dolo-Vet® Ophthalmic has an analgesic and antipruritic effect that rapidly decreases symptoms.
- Dolo-Vet® Ophthalmic exerts its anti-inflammatory effect and it doesn't cause intraocular complications as opposed to corticosteroids.
- Dolo-Vet® Ophthalmic doesn't suppress the immune system therefore it doesn't predispose the eyes to secondary viral and fungal infections.
- Dolo-Vet® Ophthalmic is prescribed in case of conjunctivitis, blepharitis, iritis, uveitis, keratoconjunctivitis, keratitis, trauma and postoperative therapy. It's a first-choice treatment for allergic conjunctivitis.

## **DRUG USE**

Dolo-Vet Ophthalmic is recommended for treating inflammatory and allergic reactions that involve the superficial features of the eye when suspicion, anticipation or confirmation of infectious bacteria sensitive to Gentamicin such as: conjunctivitis, blepharitis, iritis, uveitis, keratoconjunctivitis, eye trauma and eye post operative conditions. Its use is recommended in Dairy Cattle, sheep, goats, equidae, swine, Dogs and Cats.

## **DOSAGE**

1 or 2 drops in the infected eye 2 to 4 times a day depending on the severity of the case. Apply 4 days in a row and/or according to the Veterinarian prescription.

## **ROUTE OF ADMINISTRATION**

Eyedrop Instillation

## **DRUG WARNINGS**

Do not administer on ulcerated eye areas, with no vascularization, with viral infections or hypersensitivity to gentamicin.

Keep this product in a cool and dry place protected from light at a temperature between 15° and 30 °C

Keep out of reach of children and pets.

Consult a veterinarian

Prescription Only Medicine – Veterinarian (POM-V category)

## **PRESENTATION**

1 box with 10 glass vials of 10 mL each
