Super Polivit® Roosters Is a multivitamin hematopoietic Injectable solution that provides B complex hydrosoluble vitamins required by barnyard and fight birds.

Super Polivit® Roosters is recommended for preventing and treating avitaminosis and strees, it's also a good appetite enhancer for barnyard fow and fight birds.

Super Polivit® Roosters is an ideal nutrition supplement for fight and show birds.

Super Polivit® Roosters avoids fingers deformity and stimulates growth and development in fowl, it's a powerful antianemic and appetite enhancer. It also increases oxygenation to the muscles.

Super Polivit® Roosters is recommended for convalescence after a fight in order to speed up healing process. It relieves tension and stress and promotes bird's healing during transportation.

Super Polivit® Roosters invigorates and reaffirms the rooster's muscular complexion. Improves plumage quality and helps decrease stress during molting.

**DRUG USE**

Recommended for complex B vitamin deficiency especially when these are worsened by convalescence, dehydration and stress. It's also recommended for enhancing appetite.
